

Our Impact 2022

Empowering Virginians with energy efficiency and solar solutions since 2009.

As we reflect on 2022, it is gratifying to see how we have served and been supported by the community. Our impact numbers quantify our productivity in families served, efficiency improvements installed, and energy saved.

Our real impact, however, goes deeper than numbers, producing real life-enhancing improvements to homes that make individual lives and the overall health of our community better. Our partnerships with other non-profits and local governments further strengthen our community. We draw inspiration from this and hope you do too.

Thank you for a great 2022. We're excited to do even more in 2023!

Katie VanLangen & Wilson Ratliff
Co-Executive Directors

2,821 LED Lightbulbs

81,836 kWh saved annually =
yearly electrical usage of 11.3 homes

84 Heat Pumps

92,599 kWh saved annually =
72,606 pounds of coal not burned

61 Programmable Thermostats

24,845 kWh saved annually =
6.1 tons of waste recycled instead
of landfilled

254 Low-flow Fixtures

38,387 kWh saved annually =
carbon sequestered by 32.2
acres of forest

Families served

- 186 Income-qualifying single family homes
 - 386 Multifamily units
 - 20 Market-rate single family homes

572 Homes Insulated

125,426 kWh saved annually =
10,812,475 smartphones charged

299 Solar Installs

Our biggest campaign yet!
2943.25 kW
